

# Information Systems Audit and Control Association

Baton Rouge Chapter

April 2001

---

## President's Letter

I hope everyone found the presentation for the March meeting helpful. Andrew Afifi did a good job in relaying the risks associated with a company's eBusiness Infrastructure.

Our joint meeting with the AITP (Association of Information Technology Professionals) was really great. Since the meeting, the AITP has contacted our chapter to plan future joint meetings and socials. They realize that our organizations are similar, and we could benefit from combining our resources to provide value to our members.

Our next meeting is scheduled for April 4<sup>th</sup>. Anne Johnson and Bonnie Kreamer have put together a presentation on IS Audit General Controls. Several members from the chapter have requested a presentation on this topic. I would like to thank Anne and Bonnie for taking time out of their busy schedules to present this topic to us.

We have selected the location of Mansur's for our

next meeting as an opportunity to say thank you to our members for supporting the Baton Rouge Chapter of ISACA. The Chapter will supplement the cost of the meal for members by \$10. ISACA members will only be charged \$12 for attending this meeting. If you have any other ideas on what the Chapter could do to better serve you, please let me know.

We will also be announcing our new slate of officers for the 2001 – 2002 ISACA year at the next meeting. I have really enjoyed having the chance to serve you as President for the last 3 years, but the opportunity to have new leadership within our chapter will be very refreshing. It's always great to have new ideas and prospectives on chapter activities.

I look forward to seeing you on April 4<sup>th</sup> at Mansur's!

*Jill Joseph*
